

DISTANT ALASKAN TSUNAMI WARNING - EHATIS & ZEBALLOS

What is a warning?

A TSUNAMI WARNING is the highest level of tsunami alert.

You are in DANGER!!

What should I do?

Follow instructions, then evacuate away from Zeballos to the east side of Vancouver Island.

What if I can't leave the area?

Go to either Ehatis or Zeballos Tsunami muster sites (~ 2 km up, adjacent to the FSR). Transportation will come pick you up.

Instructions:

Check on your neighbours.

Grab emergency evacuation kit.

Drive to the east side of Vancouver Island. Carpool if necessary.

Create a profile at <https://ess.gov.bc.ca/>. Then call **250-203-1972** to be connected with trained Emergency Support Services volunteers.

LEAVE YOUR BOAT in the water and get to safety.

You have 3.5 hours until 3.9 m - high tsunami waves arrive!
