

April 12, 2024 - **\$495,778 Investment for Salmon Brewster Trail Corridor Rehabilitation**

Campbell River, BC – The Back Country Horsemen Society in partnership with the Strathcona Regional District (SRD) proudly announce they have received \$495,778 in funding through the Rural Economic Diversification and Infrastructure Program. The Ministry of Jobs, Economic Development and Innovation (JEDI) shared the news of this significant North Island investment on March 30, 2024.

The funds will allow much-needed rehabilitation to the Salmon Brewster Trail Corridor, a 40-kilometre multi-use trail linking up to Recreation Sites and Trails BC (RSTBC) horse camps/recreation sites, traveling through scenic Crown Land and extending from the junction of the Salmon and Memekay Rivers to south Brewster Lake. The trail enhancement will provide a safe and sustainable equine, hiking, or pedal bike wilderness experience within the Sayward Valley working forest.

Key aspects of the project include:

- improving trail standards,
- rehabilitating sections impacted by slides and erosion,
- implementing drainage and erosion solutions,
- replacing an existing bridge, and,
- designing and constructing a major ravine crossing.

“Back Country Horsemen Society of BC thanks the Province of BC for the funding and project partner Strathcona Regional District for their support towards realizing the Salmon Brewster trail corridor rehabilitation project. Once completed, this provincial investment in the North Vancouver Island will offer a unique experience for hikers, bike packers, and equine backcountry riding adventurers through the historic Brewster Lake forest resource area and north into the pristine Salmon River area” shared Brain Harder, BCHBC President.

“The SRD is proud to partner with the Back Country Horsemen Society to access funding for this project that highlights our shared dedication to restoring natural landscapes and providing recreation opportunities for residents and tourists,” said SRD Chair Mark Baker.

**Back Country Horsemen Society of BC - [www.bchorsemen.org](http://www.bchorsemen.org)**

Back Country Horsemen Society of BC (BCHBC) was established in 1991 as a registered not-for-profit society. Since 2013, the BCHBC - North Vancouver Island (NVI) chapter has a Partnership Agreement with Recreation Sites and Trails BC (RSTBC) for the operation and maintenance of the Salmon Brewster trail corridor, which includes approximately 40 km of trail, 3 horse camps, and a truly spectacular equine, hiking and/or biking adventure. NVI chapter volunteers have worked with Sayward farmers, forestry representatives (Westerns Forest Products and Komoks First Nations), Fishers, Hunters and other backcountry enthusiasts to develop, operate, and maintain horse camps/recreation sites and the Salmon Brewster trail corridor.
