- (b) fails to observe or perform any other of the terms, covenants or conditions of this Licence to be observed or performed by the Licensor provided the Licensee first gives the Licensor twenty-one (21) days written notice of any such failure to perform and the Licensor within such period of twenty-one (21) days fails to commence diligently and thereafter to proceed diligently to cure any such failure to perform,

then the Licensee shall be entitled to take such steps as it deems advisable to correct such defaults without liability to the Licensor, and the Licensor shall pay to the Licensee forthwith upon demand all costs and expenses incurred by the Licensee in so doing.

18. Licensor Covenant Not to Impair. The Licensor shall not take any action that would impair use of the Premises or the Improvements. The Licensor shall not knowingly allow another party to impair use of the Premises or the Improvements. The Licensor agrees to notify the Licensee within a commercially reasonable time if: (i) it has knowledge of third-parties impairing or misusing the

Premises and/or the Improvements, or (ii) it obtains knowledge of a needed repair to the Improvements. The Licensor acknowledges and agrees that the Licensee shall have all rights at law or in equity against the Licensor if the Licensor causes impairments of the Premises and/or the Improvements. If non-electric vehicles repeatedly park in the Parking Spaces, thereby impairing use of the Parking Spaces for the purposes of charging electric vehicles and/or impairing use of the Improvements, or if motorists repeatedly park in such Parking Spaces for greater than the permitted duration, then the parties shall together determine and implement an appropriate and effective strategy for preventing such impairment.

Without limiting the generality of the foregoing, the Licensor shall not from and after the time this Licence is executed, enter into, amend, modify, renew, extend, terminate, waive a material condition of and/or accept a surrender of any Encumbrance or permit any of the foregoing if such entrance into, amendments, modifications, renewals, extensions, terminations, waivers and/or surrenders would, individually or in the aggregate, materially interfere with: (i) the diligent performance of the obligations of the Licensor under this Licence; and/or (ii) the Licensee's use occupancy and/or operation of the Premises and/or the Ancillary Areas, as applicable, as contemplated under this Licence.

19. **Alterations to Premises.** Save and except for the Improvements, the Licensee will not install any additional works in or about the Premises, without the Licensor's prior written consent, not to be unreasonably withheld, conditioned or delayed.
20. **Location of Improvements on Premises.** The parties agree that 0 attached to this Licence shows the approximate location of the Improvements to be installed by the Licensee on the Premises. The Licensee reserves the right to relocate and/or reconfigure the Improvements on the Premises if the Licensee, acting reasonably, deems it necessary for the purposes granted under this Licence.
21. **Removal of Improvements.** Upon expiry or earlier termination of this Licence, the Licensee will remove the Improvements (with the exception of any underground civil works) and will make good any damage caused by such removal. If the Licensee does not remove such Improvements within six (6) months following the expiration of the Term or the earlier termination of this Licence, then the Licensor may have the same removed, the cost will be payable to the Licensor within thirty (30) days of invoice to the Licensee, and the Licensor will not be responsible for any loss or damage to the Licensee's property. For greater certainty, the Licensor shall provide the Licensee with access over such portions of the Lands as are reasonably required by the Licensee for the purposes of removing the Improvements for up to six (6) months following the expiration of the Term or the earlier termination of this Licence.

ASSIGNMENT

22. **Assignment by Licensee.** The Licensee will not assign, mortgage, or encumber this Licence in whole or in part.
23. **Assignment by Licensor.** The Licensor shall give to the Licensee at least thirty (30) days prior written notice of any proposed sale or other transfer of any interest in the Premises, the Ancillary Areas and/or this Licence, in whole or in part. Prior to any such sale or transfer, the Licensor shall obtain the written agreement (in a form satisfactory to the Licensee, acting reasonably) of the proposed purchaser or transferee, as applicable, to be bound to the terms of this Licence.

OPTIONS TO TERMINATE

24. **Licensee Option to Terminate.** The Licensee is granted the right to cancel and terminate this Licence, without penalty, upon giving not less than ninety (90) days prior written notice to the Licensor at any time after commencement of the Term, with such termination to be effective on a date specified by the Licensee in its written notice to the Licensor. If the Licensee exercises this right to terminate, the Licensee will cease use of the Premises on the termination date given in the notice, and the Licensee shall comply with its term-end obligations contained in Section 21 hereof.
25. **Licensor Option to Terminate.** The Licensor is granted the right to cancel and terminate this Licence, without penalty, if, following the opening of at least one Charging Station for use by the public, the Licensee fails to operate the Charging Stations for a period of six (6) consecutive calendar months during the Term, provided that the Licensor must give not less than ninety (90) days prior written notice of such termination to the Licensee, with such termination to be effective on a date specified by the Licensor in its written notice to the Licensee. Provided that if the Licensee *bona fide* resumes use of the Charging Stations prior to such termination date then such termination shall cease to have effect.

FUTURE EV CHARGING

26. **Option on Future EV Charging.** If during the Term, as extended or renewed, the Licensor intends to use, or permit to be used, any portion of the Lands (other than the Premises) for electric vehicle charging, then, not less than thirty (30) days prior to granting rights to any third party electric vehicle service provider (“**Third Party EV Provider**”), the Licensor will give written notice of the same to the Licensee, which notice shall identify the anticipated location (the “**New Location**”) of the proposed Charging Stations and applicable parking stalls, (the “**Licensor’s Notice**”). Provided that the Licensee notifies the Licensor within ten (10) days following delivery of the Licensor’s Notice, the Licensee shall have the option to enter into a new licence for Charging Stations in the New Location, on the same terms and conditions (and, for clarity, for the original length of Term and any rights to extend or renew) as set out herein, in priority to any Third Party EV Provider, and the Licensor and Licensee will enter into a new licence accordingly.

EXPROPRIATION

27. **Expropriation.** If at any time during the Term the interest of the Licensee under this Licence or the whole or any part of the Premises shall be taken by any lawful power or authority by the right of expropriation, the Licensor may, at its option, give notice to the Licensee terminating this Licence on the date when the Licensee or Licensor is required to yield possession thereof to the expropriating authority. Upon such termination, or upon termination by operation of law, as the case may be, the Licensee shall immediately cease use of the Premises. The Licensee shall have no claim upon the Licensor for the value of its property or the unexpired Term of this Licence, but the parties shall each be entitled to separately advance their claims for compensation for the loss of their respective interests in the Premises, and the parties shall each be entitled to receive and retain such compensation as may be awarded to each respectively. If an award of compensation made to the Licensor specifically includes an award for the Licensee, the Licensor shall account therefore to the Licensee. In this section, the “expropriation” shall include a sale by the Licensor to an authority with powers of expropriation, in lieu or under threat of expropriation.

INTELLECTUAL PROPERTY

28. **Use of Name or Mark.** As soon as practicable following execution of this Licence:
- (a) if a party wishes to have its name or name and Mark included on communication or promotional materials to be prepared in connection with the Project, that party shall provide its approval in writing to the other party for such use; and
 - (b) if a party wishes to have its Mark included on communication or promotional materials, then that party shall provide to the other party a black and white, high-resolution copy of its Mark and guidelines for use of such Mark, if any, and hereby:
 - i) grants to the other party an irrevocable perpetual, non-exclusive, non-assignable, personal, non-transferable and fee and royalty-free licence to use the Mark in the promotion of the Project, including for placement on the Charging Stations or signage, in accordance with the guidelines and for the Term; and

Each party retains exclusive ownership and title to its Mark notwithstanding the licence granted to the other party pursuant to Subsection 28(b)(i) above.

29. **Promotions.** Subject to Section 28 above, each party may, at its sole cost, disclose or promote the Project through whatever means such party deems appropriate, including but not limited to internal communication channels (such as employee newsletters and websites) and external communication channels (such as newsletters, social media, industry events, websites and media), provided that, for any Licensor disclosure or promotion, the Licensor has given the Licensee at least twenty (20) Business Days prior written notice of the disclosure or promotion and obtained the Licensee's advance approval in writing of all proposed materials, on its own behalf and behalf of all other sponsors.

QUARTERLY REPORT AND CONFIDENTIALITY

30. **Quarterly Report.** Within thirty (30) days following the end of each calendar quarter of each year during the Term, the Licensee shall provide the Licensor with a quarterly report (the "**Quarterly Report**") detailing uptime, session count and average charge time per month resulting from the electric vehicle chargers installed on the Premises.
31. **Confidentiality.** The Licensor acknowledges that any Quarterly Report the Licensor receives from the Licensee is sensitive or valuable because it is not generally available or known to the public (the "**Confidential Information**"). The Licensor hereby agrees that, except to the extent that may be expressly authorized in writing by the Licensee or except to the extent required by court order, law or regulation, the Licensor will (i) preserve and protect the confidentiality of all Confidential Information of the Licensee; (ii) not disclose or otherwise disseminate to anyone, other than the Licensor's own directors, officers, employees and professional advisors (collectively, the "**Representatives**") and then only to the extent necessary for them to carry out their responsibilities for the purposes contemplated in this Licence under a corresponding duty of confidentiality, the existence, source, content or substance of Confidential Information of the Licensee; (iii) not use any Confidential Information of the Licensee in any way other than for the purposes contemplated in this Licence; and

(iv) within fifteen (15) days of the Licensee's written request, return to the Licensee or destroy all Confidential Information of the Licensee in its and its Representatives' possession, without retaining any records of any such Confidential Information of the Licensee, except that the Licensor and its Representatives may retain copies of any Confidential Information in routine back-up of electronic data processing systems until the ordinary course deletion of the information.

32. **Survival.** The obligations of the Licensor under Sections 30 (Quarterly Report) and 31 (Confidentiality) shall survive the expiration or earlier termination of this Licence.

MISCELLANEOUS

33. **Signage.** It is acknowledged and agreed that:

- (a) the Licensee may install signage and logos on or within the Premises (collectively, the "**Licensee's Signage**"), including for the purposes of denoting that the Parking Spaces are to be used as dedicated electric charging stalls;
- (b) the Licensee's Signage may include the Licensor's logos, provided the size and location of such logos shall be determined by the Licensee in its sole discretion; and

The Licensor represents and warrants that the grant of this Licence to the Licensee does not contravene any of the terms contained in any of the Permitted Encumbrances, and the Licensor acknowledges that the Licensee is relying on such representation and warranty.

35. **Dispute Resolution.** If any dispute arises under or in relation to this Licence, that dispute shall be resolved by arbitration pursuant to the Vancouver International Arbitration Centre (VanIAC) and its applicable rules. The place of arbitration shall be Vancouver, British Columbia. The decision of the arbitrator shall be final and binding on the parties. Notwithstanding the foregoing, the parties are entitled to seek interim measures of protection, including injunctions and other equitable relief or remedies, from a court of competent jurisdiction pending commencement or completion of any arbitration and may also seek from a court of competent jurisdiction any equitable relief or remedy that the arbitrator does not have jurisdiction to grant.
