28.0 Permits and Certificates

The successful proponent must obtain, and pay for, all necessary permits to carry out the work of this project. The contractor will be required to provide certificates of conformity to requirements of authorities having jurisdiction.

Exception: The Regional District has applied for a Project Review with Fisheries and Oceans Canada (DFO), under the *Fisheries Act*. The project review is not complete, and DFO may have requirements and conditions that alter the scope, conditions and/or schedule of this project as described in this RFP.

UPDATE: Following correspondence with DFO, the SRD is no longer applying for a Project Review as the review is not required for the project to proceed as described in the RFP. Proponents are reminded that all work must meet the requirements of the Environmental Management Plan in Appendix B.

Please sign below, acknowledging receipt of this Addendum and return this document with your submission to the RFP.
